

Spencer Board of Selectmen
Wednesday, December 17, 2014
McCourt Social Hall 6:00 pm
Workshop Agenda

- ❖ Discussion: FY2014 Auditor Report – Tom Scanlon, Jr., Scanlon & Associates
- ❖ Action Item (continued): Lodging House License for Lismorris, 126 Main Street
- ❖ Discussion: Request for Parking Restriction at Town Hall from Utilities & Facilities
 - Restrict the first 2 parking spaces (from Main St) in the Town Hall Municipal Dr. parking lot to “Electric Vehicle Parking Only.” Note is required by our electric vehicle charging station and vehicle grant.
- ❖ Discussion: Request for Traffic Regulations from Utilities & Facilities

The Highway Department, based upon conversations with Police and Fire, hereby request a BoS hearing to discuss the following necessary traffic rules for formal implementation/adoption.

 - TOWNWIDE: No parking upon any street or road within 20 feet of an intersecting way. Notes: Mandatory for public safety. Matches State standard and language. Must be adopted prior to Main Street project to comply with project safety audit.
 - ADAMS STREET (from Maple Street to Clark Street): No Parking on either side of street. Notes: Some park on the sidewalk side but they have no problem getting cars off street and finding parking during winter parking ban. At the very least we request no parking on the northerly side and no parking from Maple Street to the first utility pole of the southerly/sidewalk side, which is important for turning buses and emergency vehicles.
 - CLARK STREET (from Adams Street to Ash Street): No Parking on either side of street. Notes: No one parks on street now.
 - WATER STREET (from Main Street to Valley Street): No Parking on either side of street. Notes: No one parks on street now.
- ❖ Action Item: Set Town Administrator Goals
