

# Spencer Tree Removal Contract

## ADDENDUM 1

### 1.1 – Response to questions received

- 1.1.1 Question – What does pruning crew consist of for the day? Is it 2 or 3 men with a 75' Aerial Lift, 18" Chipper and Chip Truck?
- 1.1.1.1 Response – Contractor shall determine the size of crew needed for pruning/up-branching. An Aerial Lift of 75' is needed for up-branching work. Contractor shall supply their own chipper and Chip Truck; chips will be disposal of at the Highway Stockpile.
- 1.1.2 Question – On the Bid proposal form Item #TR-1, is that for trees under 24" DBH?
- 1.1.2.1 Answer – YES, Item TR-1 is for trees that have a Diameter a Breast Height of 24-inches and smaller.
- 1.1.3 Question – On the Bid proposal form Item #TR-2, is that for trees over 24" DBH?
- 1.1.3.1 Answer – YES, Item TR-2 is for trees that have a Diameter a Breast Height larger than 24-inches.
- 1.1.4 Question – I'm in full understanding that we are grinding all the stumps from the trees that are removed. I'm assuming all the stump grinding debris will stay in place?
- 1.1.4.1 Answer – Yes, all debris from stump grinding may remain in place

### 2.1- Additional Local Disposal Locations

The Town has identified additional disposal locations, including 131 Northwest Road, 59 Donnelly Road, and a third site just over the town border in North Brookfield.

### 3.1 – Corrections to Bid Form

Remove the bid from included with the contract documents and replace with the attached corrected bid form. The correction replaces the words "Written Word Unit Cost" with "Written Word Total Cost" in the Total Cost Columns.
