APPLICATION PROCESS SIGNATURE FORM

There are three different application that can be submitted to undertake work in a jurisdictional area: a Notice of Intent (NOI), a Request for a Determination of Applicability (RDA) and an Administrative Approval. All three application have different criterial for submission and approval and the NOI & RDA are governed by both state law and the local by-law, whereas the administrative approval is governed by the local by-law only.

When potential applicant requests advise from the Conservation Agent on which application to file, the opinion of the Agent is based on information given by the potential applicant and any other information available to the Agents, e.g. the town's GIS system. The Agent has no legal right to go onto private property at any time until after and application is filed, or permission of the property owner is given.

It is important that all applicants understand that after an applicant is filed, additional information may come to light e.g. via a field inspection or application review, that may impact the scope of the submitted application and the approval process. In addition, the Agent is not the final approval authority on RDA's and NOI's, that authority rests with the Commission. Therefore, it is the applicant who has the ultimate responsibility to decide which application to file.

Considering the above, please sign below indicating an understanding of the policy and submit it with the application.

Step 5/Total Project Fee: Determine the total project fee by adding the subtotal amounts from Step 4.

Step 6/Fee Payments: To calculate the state share of the fee, divide the total fee in half and subtract \$12.50. To calculate the city/town share of the fee, divide the total fee in half and add \$12.50.

To calculate filing fees, refer to the category fee list and examples in the instructions for filling out WPA Form 3 (Notice of Intent).
